Introduction

The purpose of this plan is to ensure that the City of Glen Cove creates reasonable, accessible paths of travel in the public right-of-way for everyone, including people with disabilities. The City of Glen Cove has made a significant and long-term commitment to improving the accessibility of its pedestrian facilities. The Transition Plan identifies physical barriers and prioritizes improvements that should be made throughout the City of Glen Cove. This Transition Plan describes the existing policies and programs to enhance the overall pedestrian accessibility.

Legal Requirements

The federal legislation known as the Americans with Disabilities Act (ADA), enacted on July 26, 1990, provides comprehensive civil rights protections to persons with disabilities in the areas of employment, state and local government services, and access to public accommodations, transportation, and telecommunications.

Title II specifically applies to “public entities” (state and local governments) and the programs, services, and activities they deliver. Title II Article 8 requires public entities to take several steps designed to achieve compliance. The plan shall, at a minimum, include:

1. A list of the physical barriers in a public entity’s facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities.
2. A detailed outline of the methods to be utilized to remove these barriers and make the facilities accessible.
3. The schedule for taking the necessary steps to achieve compliance with Title II.
4. The name of the official responsible for the plan’s implementation.

Transition plans provide a method for a public entity to schedule and implement ADA-required improvements to existing streets and sidewalks. Before a transition plan can be developed, an inventory of the current curb ramps and sidewalks must be developed.

Obstacles to the Public Right-of-Way

The City of Glen Cove has identified and assessed obstacles in the public right-of-way through the use of an Inventory Tool.

In order to remove identified barriers to accessibilities, the City of Glen Cove utilizes many different approaches in removing barriers in the public right-of-way, including proactively identifying and eliminating the barrier, responding to public complaints, and ensuring the appropriate design and build-out of new construction following the most recent guidelines.

Barrier Removal Priorities

The City of Glen Cove bases barrier removal on two factors: location and the accessibility condition of the intersection.

Location Priority

The City has identified its location priority as follows:

1. Intersections serving government facilities,
2. Intersections serving commercial and employment centers, and
3. Intersections serving other areas.

Accessibility Condition

Using the data collected from the Inventory Tool, an accessibility condition can be determined; therefore, the survey will contain the following ratings to assess the condition of the different locations throughout the City.

Priority Rank

In order to determine the overall priority, the following matrix was used.

	Location Priority		
	1	2	3
Access Condition	Locations serving Government Facilities	Locations serving Commercial & Employment Centers	Locations serving other Areas
Red	1	2	3
Yellow	1	2	3
Green	1	2	3

The priority of improvements is based on identifying which of the locations are high, medium, or low priority locations and the amount of barriers for removal found (red, yellow, and green).

Public Complaint/Request Process

The public complaint/request process is an integral part of the Transition Plan. Public complaints or requests may often drive the prioritization of improvements. To file a complaint or request regarding accessibility of a sidewalk or curb ramp, contact the ADA Coordinator in writing and describe the issue in detail, including the location. The ADA Coordinator will route this information to the appropriate City Department for inspection and possible action. That department will then respond to the ADA Coordinator with its findings, and the ADA Coordinator will record the formal response and reply to the complainant/requestor. All complaints or requests will be kept on file and will include the response.

Attachment B Is a copy of the City of Glen Cove’s Public Grievance Procedure for Pedestrian Facilities in the Public Right-of-Way.

New Construction and Alterations

In order to ensure the correct design of curb ramps, sidewalks, and crosswalks in new construction and alterations, the City of Glen Cove follows NYSDOT design specifications (see Attachment A). Whenever there is an intersection improvement project or new construction project, any affected curb ramps, sidewalks, and crosswalks will be rebuilt to these ADA design guidelines, where feasible and reasonable.

Schedule

As opportunity allows, the City of Glen Cove will make efforts to improve the ADA accessibility of pedestrian facilities in the public right-of-way. There will be times when it is not technically feasible to provide technical compliance: for example, if clear space at the top of the ramp is obstructed by a building or slope of a hill is so extreme as to prevent a reasonable slope for a ramp in both directions. The inventory process may not account for such situations and could show a high-priority rating when all feasible actions have been taken. **Please note that proper slope evaluations of existing curb ramps will be conducted during the next phase. Existing drainage and utilities will also be noted for locations with no curb cut during the next phase.**

Additionally, given a program as broad and comprehensive as the City’s pedestrian network, the City will follow the concept of Program Access under Title II of the ADA. Program Access does not necessarily require a public entity to make each of its existing facilities accessible to and usable by individuals with disabilities, as long as the program as a whole is accessible. Under this concept, the City may choose not to install sidewalk at some locations (or to install them as a lower priority later), as long as a reasonable path of travel is available even without the sidewalk.

Responsible Individual

The official responsible for the implementation of the City of Glen Cove’s ADA Transition Plan is:

Louis Saulino, P.E.
Director of Public Works
City of Glen Cove
9 Glen St.
Glen Cove, NY 11542
Phone: (516) 676-4402
Email: lsaulino@glencoveny.gov

Public Input

The City of Glen Cove has provided opportunities for individuals to comment on this Transition Plan, including:

- Copy of the plan available at City Clerk's office
- Plan posted on the City's website
- Review by the City's ADA Compliance/Complete Streets/Age-Friendly Communities Transportation Committee.

Attachment B - ADA Complaints/Requests Procedure

PUBLIC NOTICE

City of Glen Cove

Please take notice that the City of Glen Cove is in the process of compiling an ADA (Americans with Disabilities Act) Transition Plan. The City of Glen Cove invites the public to become involved in this process through written comments or attendance at City Council meetings at City Hall, 9 Glen Street, Glen Cove, NY. The Council meeting schedule is posted at <http://www.glencove-li.us/city-council-documents/>. The Mayor has appointed Public Works Director Louis Saulino as Coordinator of the City of Glen Cove ADA Transition Plan for pedestrian facilities in the public right-of-way. He can be reached by phone at (516) 676-4402 or by fax at (516) 676-3104 or by email at lsaulino@glencoveny.gov or by filing a form to be provided at City Hall, 9 Glen St., Glen Cove, NY 11542.

To file a complaint or request, or to offer a suggestion regarding accessibility of a sidewalk or curb ramp, contact the ADA Coordinator, who will route this information to the appropriate City department for inspection and possible action. The Coordinator will respond to the complainant/requestor.

City of Glen Cove, NEW YORK.

Dated at Glen Cove, New York – January 23, 2020

by mail to Louis Saulino, P.E., Director of Public Works, Glen Cove City Hall, 9 Glen
St., Glen Cove, NY 11542.

Attachment D - ADA Policy Statement

City of Glen Cove
9 Glen St.
Glen Cove, NY 11542

Americans with Disabilities Act (ADA) Transition Plan: Pedestrian Facilities in the Public Right-of-Way

Introduction:

The purpose of this plan is to ensure that the City of Glen Cove creates reasonable, accessible paths of travel in the public right-of-way for everyone, including people with disabilities. The City of Glen Cove has made a significant and long-term commitment to improving the accessibility of their pedestrian facilities. The Transition Plan will identify physical barriers and prioritize improvements that should be made throughout the City of Glen Cove. The Transition Plan will describe the existing policies and programs to enhance the overall pedestrian accessibility.

Legal Requirements:

The federal legislation known as the Americans with Disabilities Act (ADA) enacted on July 26, 1990 provides comprehensive civil rights protections to persons with disabilities in area of employment, state and local government services, and access to public accommodations, transportation and telecommunications. NYS Standards are followed.

Title II specifically applies to “public entities” (state and local governments) and the programs, services, and activities they deliver. Title II Article 8 requires public entities to take several steps designed to achieve compliance. The City plan will at a minimum include:

1. A list of the physical barriers in a public entity’s facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities.
2. A detailed outline of the methods to be utilized to remove these barriers and make the facilities accessible.
3. The schedule for taking the necessary steps to achieve compliance with Title II.
4. The name of the official responsible for the plan’s implementation.

The City is in the process of identifying and assessing obstacles in the public right-of-way through the use of an Inventory Tool. Barrier Removal Priorities based on location priority and accessibility conditions will be a part of the inventory process. **It is very important that the public be aware that their involvement in this plan is a valuable component to the City in compiling a workable plan of compliance. Your involvement is solicited in developing the ADA Transition Plan.**

Public Complaint:

Public Complaints, Suggestions, and Comments can also be an integral part of the Transition Plan. Public comments may often drive the prioritization of improvements. To file a comment or request please contact Louis Saulino, ADA Coordinator for the City of Glen Cove, at City Hall, 9 Glen St., Glen Cove, NY 11542. He can be reached by phone at (516) 676-4402 or by fax at (516) 676-3104 or by email at lsaulino@glencoveny.gov.

Public Input:

Public Comment and Response Forms are available on the City of Glen Cove's website under Nondiscrimination Policy. The City of Glen Cove welcomes your participation and unique outlook as to how the City can meet and exceed ADA requirements and recommendations. Public involvement in the City ADA plan has been a valuable component to the City in compiling a workable plan of compliance. We continue to solicit your additions to the ADA Transition Plan.

An inventory of the City of Glen Cove's pedestrian facilities is included with this Transition Plan. The inventory is color-coded with regard to ADA status.

The plan to complete the ADA requirements is through an annual appropriation for materials to bring the sidewalk intersections into compliance. Plans are to complete the requirements as the City authorizes paving projects and the barriers as designated and appropriate intersection corrections will be made.
